

TARGET

We use a student's Year 6 test scores in English and Maths* to assess each student's starting point.

Each student is given a single, challenging target grade, that covers all subjects.

**Year 6 Teacher Assessment & internal tests will apply in 2021/22*

TARGET GRADE		
Old	New	Vocational
A*	9	Distinction*
	8	
A	7	Distinction
B	6	Merit
	5	
C	4	Pass
	3	
D	3	Pass Level 1
E	2	
F	1	

This is a number between **9 and 1**, where 9 is the highest target grade.

For vocational subjects, a grade between **Distinction*** and **Pass Level 1** will be used.

PROGRESS

Progress is measured by comparing the **End of Key Stage Predicted Grade** with the **Target Grade**.

Exceptional Progress

Exceeding Target Grade

Good progress

Meeting Target Grade

Expected progress

1 grade below Target Grade

Less than expected progress

More than 1 grade below Target Grade

ASSESSMENT

Current grades are measured using a 9-1 scale and represent a student's current performance in each subject. Students also receive an **End of Key Stage Predicted Grade**, which indicates what their final grade is likely to be at the end of Year 8 or Year 11, based on current performance.
